# PRICE LIST.

SPRING, 1914—FALL, 1914.

## Eastern Nurseries.

OFFICE AT JAMAICA PLAIN, MASS.

NURSERIES AT HOLLISTON, MASS.

---

SHIPPING SEASON opens about March 20 to April 1 in the Spring, and continues until May 20 to June 1, and opens about October 1 in the Fall, and continues until the ground freezes.

ORDERS.—Write plainly and give explicit directions as to address and mode of shipment; otherwise we will forward according to our best judgment. All goods travel at purchaser's risk. We assume no responsibility for the goods after delivery to the forwarding companies.

When losses occur by delays in delivery, claims should be made at once on the forwarding companies.

CLAIMS, to receive consideration, must be made within ten (10) days of receipt of goods.

While we exercise the greatest care to have all Trees, Shrubs and Plants genuine and reliable, and hold ourselves prepared to replace, on proper proof, all that prove untrue, we do not give any warranty, expressed or implied; and in case of an error on our part, it is mutually agreed between the purchaser and ourselves that we shall not at any time be held responsible for a greater amount than the original price of the goods.

PACKING.—We take great care in packing, using damp moss to protect roots. Boxes and bales are charged for at cost.

RATES.—The prices in this list supersede all previous rates, and apply to quantities specified, but five hundred (500) will be furnished at the thousand rate, fifty (50) at the one hundred rate, and five (5) at the ten rate.

TERMS, CASH WITH ORDERS, except to such persons as satisfy us as to their responsibility. All bills are due on December 1 and June 1, following shipment. Interest will be charged at the rate of six per cent. on bills remaining unpaid December 1 in Fall and June 1 in Spring.

A Certificate of Inspection will accompany each shipment.

Address all communications to office.

**EASTERN NURSERIES,**

HENRY S. DAWSON, Manager,  
Jamaica Plain, Mass.

We are glad to have those interested visit our Nurseries at any time. Full directions for reaching them will be found on the last page of cover.

## ROSA SARGENT

This latest of Mr. Dawson's Silver Medal Roses is now offered for sale in limited quantities. This rose combines the good qualities of Rosa Wichuraiana, Rosa Baroness Rothschild and Rosa Crimson Rambler, all of which have been used in its evolution. Professor Sargent in an Arbo-  
retum Bulletin describes this rose as follows: "The flowers are cup-shaped, pale clear pink and semi-double; that is, there are two rows of petals, and they are produced in large clusters, each composed of from fifty to sixty flowers. The flowers open gradually and in succession, so that the plant is covered with flowers for several weeks. The Sargent Rose is one of the handsomest Roses that has been raised in the United States."

Good strong plants . . . \$1.50 each; \$14 per ten.

ORDER NOW.

## ROSA WM. C. EGAN

This Rose was awarded a medal by the Massachusetts Horticultural Society in 1900. It was produced by crossing Gen. Jacqueminot on Rosa Wichuraiana, but shows no trace of either in its bloom. The flower is large and very full, resembling in shape as well as color Souvenir de la Malmaison. Although only an annual bloomer, it remains in flower several weeks, and the large trusses of superb blooms are unusually attractive. Mr. Dawson considered this the best of all his numerous hybrids. It is unquestionably hardy and reliable.

2 to 3 ft. \$ .50 each; \$4.50 per ten.

## ROSA FARQUHAR

This Rose was awarded the silver gilt medal of the Massachusetts Horticultural Society, certificated by the Horticultural Society of New York. The Farquhar Rose has glossy, bright green foliage which does not drop, but retains its lustre until cut down by severe frost, a feature which makes it most valuable for covering trellises, pillars, summer-houses and rocks. It is perfectly hardy and bears magnificent clusters of bright pink double flowers on long stems which are most serviceable for vases and table decorations, and bloom several weeks later than the Dawson Rose.

3 yr. \$ .35 each; \$2 per ten; \$15 per C.

## ROSA MINNIE DAWSON

This Rose was awarded a medal by the Massachusetts Horticultural Society in 1896. It was produced by crossing Rosa Multiflora and Dawson. The flower is double white with yellow center and is very delicate. It is a climber and has foliage similar to the Dawson.

\$1 each; \$9 per ten.

<b>Ampelopsis Engelmannii</b> Scarlet Virginia Creeper	3 yrs. strong 5 in. pots	\$.25 each	2.50
<b>Henryii</b> (New) Chinese	5 in. pots . . .	\$1.00 each	9.00

NOTE:—In habit this new climber resembles our native woodbine. The ground color of the leaves is dark velvety green, with the mid-rib and principal veins silvery white. The foliage has a very striking appearance in autumn when the ground color changes to vivid red, the mid-rib and vein remaining white. In Massachusetts this vine requires protection during winter, but would probably prove quite hardy south of New York, or even farther north where the influence of the ocean moderates the temperature.

Rhododendron Maximum and Kalmia Latifolia

## ROSA LADY DUNCAN

This fine Rose was awarded a silver medal by the Massachusetts Horticultural Society in 1900. It is a hybrid of the ever excellent Rugosa and the Memorial Rose (R. Wichuraiana). It has the prostrate long rampant growth of the Wichuraiana, while the Rugosa blood shows in the luxuriant, dark, glossy foliage, and in the profusion of large, single flowers. The petals of rich glowing pink melt into an exquisite large yellow center. Lady Duncan is perfectly hardy, even to Canada, is a strong grower, free bloomer, and of long duration of blooming.

The stock is limited. Order now for Spring delivery. Good strong plants which will yield a mass of blossoms in late June.

\$1 each; \$10 per ten; \$90 per C.

## ROSA DAYBREAK

This Rose was awarded a silver medal by the Massachusetts Horticultural Society in 1899. It is a rose of Wichuraiana type crossed with Rambler Dawson. A vigorous grower, profuse bloomer, excellent too for forcing. The flowers are single, in great pyramidal clusters of deep, yellowish pink, somewhat darker than Lady Duncan, the petals of a lighter shade toward the center. The foliage is bright, glossy green, and the habit trailing, like its parent, Wichuraiana.

\$ .75 each; \$7 per ten; \$60 per C.

# 40 HARDY HERBACEOUS PLANTS.

	Each Per Ten	
Papaver Orientale Named varieties:	\$ .25	\$ 2.00
Goliath fiery scarlet		
Mahony deep maroon		
Mary Studholme pure salmon with a touch of carmine at base		
Mrs. Perry salmon rose		
Queen Alexandre clear rose-salmon		
Phlox amoena Dwarf Phlox . . . . .	.15	1.25
arendsi This new race of early blooming Phlox is obtained by crossing the early-flowering Phlox Divaricata with varieties of the "Garden Phlox" (Phlox paniculata). These Phlox have the general habit and charac- teristics of Phlox divaricata, but are larger, have a longer period of bloom, and a large range of color. They are invaluable to fill in the gap in the blooming season between the Phlox divaricata and the early blooming forms of Phlox paniculata.		
We have the following varieties in limited quantities for late Spring delivery:		
2 inch pots . . . . .	.50	4.00
Charlotte pale lilac shaded pink, dark eye, 18 to 24 in., one of the best		
Grete white flowers produced in great masses 20 in.		
Helene beautiful lavender blue 15 to 18 in.		
Kathe purplish rose with dark eye, surrounded by a lighter halo, stems loosely branched. 20 in.		
Luise light lilac with carmine eye strong-grower 24 in.		
carolina . . . . .	.15	1.00
divaricata Wild Sweet William . . . .	.20	1.50
var. laphami new, large-flower- ed Phlox divaricata		
2 in. pots, late Spring delivery	.25	2.00
paniculata Tall Garden Phlox		
Strong field-grown clumps (except where noted: . . . . .	.20	1.50
Alblon white with pink eye		
Beranger light pink changing to white, extra fine		
Blanche Nain dwarf white		
Boquet Fleuri pure white, crimson eye, very fine		
Candeur		
Chateaubrland pure white, magenta eye		
Colquelicot bright scarlet

Rhododendron Maximum and Kalmia Latifolia

## ROSA DAWSON

This Rose was awarded a medal by the Massachusetts Horticultural Society in 1894. This charming hybrid was raised from seed of Multiflora crossed by Gen. Jacqueminot. It is a vigorous plant with long shoots, covered during the blooming season with pretty clusters of fragrant, bright pink, semi-double flowers, and is very desirable.

\$ .35 each; \$2 per ten; \$15 per C.

## HOW TO REACH OUR NURSERIES AT HOLLISTON

Ten trains leave Boston for Holliston direct every day, via Boston & Albany R. R., and twenty-five or more leave for South Framingham. Take electric cars from South Framingham to Holliston. Electrics leave on the hour before noon, and on the hour and half hour in the afternoon.

Our representatives will be glad to meet any persons who desire to visit our Nurseries, at Holliston Depot, on notice to Mr. Driscoll, Telephone Natick 345, or to our office at Jamaica Plain, Telephone, Jamaica 377.
